

Workshop on Quantum Features in a de Sitter Universe

SEPTEMBER 13 - SEPTEMBER 19, 2021

September 13th:

Arrival and welcome (evening)

September 14th:

Higher Spin theory in de Sitter. Morning (talk) Mkrtchyan.

Afternoon (discussion session) Neiman

September 15th:

IR/late time effects in de Sitter. Morning (talk) Sloth (zoom).

September 16th:

de Sitter Holography. Morning (talk) Hofman.

Afternoon (discussion session) Galante.

September 17th:

Wavefunctionals/S-matrix techniques in de Sitter. Morning (talk) Benincasa.

September 18th:

the de Sitter group and Euclidean techniques. Morning (talk) Zukowski.

Afternoon (discussion session) Gorbenko + Sengor.

September 19th: Departure
