

10TH AEGEAN SUMMER SCHOOL

**Ermoupolis, Island of Syros, Greece,
16-27 September 2019**

Topics:

- Einstein Theory of Gravity
- Modified Theories of Gravity
- Massive Gravity
- Dark-matter dark-energy
- Unification of dark-matter Dark-energy
- Cosmology, cosmological evolution
- Gravitational Waves
- Status of QWs detection
- LIGO-VIRGO collaboration
- Atomis clocks
- BINGO project
- Modeling Sources of Gravitational Radiation
- Multi-messenger Astrophysics
- Astrophysics of Sources of Gravitational Radiation
